

COMBAT PISTOL QUALIFICATION COURSE(CPQC) as of SEP 2005

M-9 STRAC REF: FM 3-23.35 Appendix A & DA PAM 350-38 Para. 5-6a.

1. 80% of soldiers assigned M-9 must Qualify every 12 months.
2. Soldiers must fire Day, Night and NBC Courses.
3. Night and NBC Fire will be fired on EST 2000, if available. EST 2000 currently unavailable to AZNG.
4. Alternate Pistol Qualification Course (APQC) is only authorized when Combat Pistol Qualification Course (CPQC) is unavailable.
5. Each Firer will require 92 rounds (40 Practice, 40 Qualification, 7 NBC & 5 Night Fire).
6. Scorecard- DA 88-R

FIRING INSTRUCTIONS

1. The first shot fired in each Table must be in the Double-Action Mode.
2. Firer will be issued extra ammunition that may be used to re-engage missed targets in that Table.
3. Unused ammunition will be turned in after each Table.
4. Unused ammunition will not be carried over into later Tables.
5. Magazine changes will be as required, no commands will be given, except the last magazine in Table V.

DAY FIRE

1. Table I Standing- Firer will receive one 7 round magazine and 5 Single Target exposures of 3 seconds each.
2. Table II Standing- Firer will receive one 1 round and one 7 round magazine. There will be 4 Single Target exposures of 3 seconds each and 1 Double Target exposure of 5 seconds. Firer will have 8 seconds to reload and engage after the first shot.
3. Table III Standing- Firer will receive one magazine of 7 rounds. There will be 3 Single Target exposures of 3 seconds each and 1 Double Target exposure of 5 seconds.
4. Table IV Standing- Firer will receive one 5 round magazine. There will be 2 Single Target exposures of 2 seconds each and 1 Double Target exposure of 4 seconds.
5. Table V Moving- Firer will receive one 1 round, one 7 round magazine and one 5 round magazine. There will be 6 Single Target exposures of 2 seconds each and 2 Double Target exposures of 4 seconds each. Firer will have 8 seconds to reload and engage after the first shot. Firer will move forward under command from the tower and engage targets as they appear.
